Team App

- **Events** – Arizona competitions and events will be added into the events section once finalized

- **News** - Any news or new updates will be sent out in the news section along with an email sent to the email you have put as your contact email in the Team App

- **Documents** – I will be uploading useful documents to have on hand and this is also how I will be keeping track with mobility scores

~ mobility tracking form is already uploaded in the documents section

~ go to teamapp.com and log in the same as the app for full usage of this section.

~ If you have a program where you can fill out PDF files then you will be able to fill it out, save it, and upload it to the documents section (be sure to select only the state chair for visibility so we don't have to bother anyone else with this)

~ without a PDF editing program print it out fill it out and put it back on computer, or take a photo (photos upload through the gallery section of the team app, and again visibility only mark the state chair)

The State chair will be asking for all compulsory levels once reaching level 7, then for each individual level when accomplishing the mobility score beginning in level 7. The forms are loaded on the team app for easy access.

- **Arizona TNT** - this is a link to our website, keep checking in, there should be some changes and updates coming

- Working on getting our state's TNT social media pages up on here soon as well

- Any sign ups, open voting and surveys to reach out, and more will also be done through here with an added tab to Sign Up Genius, Survey Hero, and more

State Clinic

Clinic Dates: weekend of Oct 27 & 28th

Location: Aspire

Optional BBQ before or after the sessions for help with raising State funds and as beginning steps of building our state TNT community.

Clinic not mandatory for elite athletes this year due to international assignments, for now there will be no requirement for elite athletes to attend the clinic in order to receive state funding, however if it is decided that attendance of the state clinic will be an integral part of receiving state funds, then there will be an amendment to forgive this requirement for this season.

- Plan...
- Saturday evening session for Upper levels and elites (followed by optional BBQ)
- Sunday sessions split by level (BBQ in the middle of the two sessions)
 - Help for clinicians
